DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 2, 10, 11 and 19 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicants' argument that the cited prior art of Jeyachandran et al., fails to teach the applicant's claimed feature of controlling the voice recognition means and printing means so that if the acceptance means/step accepts a start request while the printing means is operating, the printing means suspends the printing operation and then said voice recognition means starts the voice recognition as recited in claims 1, 10 and 19, is convincing. Therefore, claims 1, 2, 10, 11 and 19 are deemed allowable over cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
